ON behalf of the ministers of Andover I should like to remind the people of our community of the real significance of Thanksgiving Day. Our increasing emphasis upon feasting, football and other **holiday** recreations has tended to obscure the fact that Thanksgiving is primarily a **holy day**, a day of Thanksgiving and Prayer. It is not rightly observed, therefore, unless, however else we may choose to observe it, we find time and place for the grateful worship of God in the company of our fellow men. There is no one physically able to attend church who cannot plan the day so as to attend either the 8 o'clock service at Christ Church, the 8 o'clock Mass at St. Augustine's Church, or the 9 o'clock union service at the Baptist Church. Inasmuch as we owe our American heritage and history to the ideal of freedom which brought our Pilgrim forefathers to the New World, it would seem to be the patriotic as well as the religious duty of every American to thank God for the Pilgrim ideal and spirit, and to seek divine guidance and strength by which alone that ideal and spirit can be maintained and extended in our own land and throughout the world.

# Adequate Balances Remain On Town Department Books

## Expenditures Show Comfortable Margin At End Of Third Quarter Of Year

Comfortable balances remain in the coffers of the various town departments, out of the sums allotted to them at last March's town meeting, according to a survey of the books of Town Accountant Mary Collins. Whatever balance remains, as we understand it, has to last till the end of the calendar year. During each of the two months from January 1 until next year's appropriations are made at the annual town meeting, each department is permitted to spend one-twelfth of the sums allotted to it in 1940.

The figures given below represent cash spent to the end of October. The sums mentioned are not those in the town warrant, but money actually available, due to interest, balances from 1939 or transfers. Some of them, of course, are self-evident; the money for the bathing beach at Pomp's Pond is nearly completely spent, while the Armistice Day appropriation, at the end of October, had not as yet been touched. Such figures are given only for the sake of completeness. Percentage figures for the year 1931 are provided for comparison.

## TOWN GOVERNMENT

### Special Town Meeting?

A petition signed by more than 100 voters was received this week by the Board of Selectmen, asking for a special town meeting to decide whether a water main should be installed on Brundrett avenue to a point fifteen hundred feet from its junction with River road.

The matter has been included in the town warrant for the past two years, but was disapproved both times. In the present instance, it has been taken under advisement by the selectmen. The cost of the proposed installation is estimated at \$4925.

### Preparing For Winter

The snow flurry we had here one morning last week served to remind some people that they'd better get down cellar for a look at their skis or snowshoes. With the Board of Public Works, however, it was only an urgent summons to an undertaking to which they had already given a good bit of thought—the business of snow removal.

The Board workers begin to deal with snow, of course, before the first flakes fall. Before the start of the winter season, and the conse-

quent hardening of the ground, posts have to be driven in along exposed stretches of land where snow fences are necessary, and, later on, the fences themselves have to be erected.

The Department has quite a bit of snow fence on hand—two solid miles of it, to be exact. It is bought in 100-foot rolls, and is stored in that condition all through the summer in the Public Works yard on Lewis street. Putting it on the posts, when winter comes again, is as simple a matter as hanging out the clothes to dry.

It is expected that these fences will be completely ready within the next week or so. Already, a small crew of workers are engaged in putting up the posts.

Preparations for sanding intersections and well-traveled hills, whenever weather conditions warrant it, must also be made. Last year, from November to March, 3000 cubic yards of sand were used, most of it mixed with 12 tons of calcium chloride.

Snowplows, of course, must be readied for winter. Before being put into use, they must undergo a general overhauling, have rust scraped off and paint put on. Frames must also be installed on the trucks that are to do the job, the plows to be attached whenever the time comes.

The town's present plowing equipment consists of six trucks and two sidewalk tractor plows, one grader plow, one No. 20 tractor plow.

Just two things remain to be done, and the snow removal crews will be ready to swing into action. First, definite arrangements have to be made with contractors who will furnish some of the trucks to be used. Second, there has to be a good snowfall. But it won't be a long wait.

### Police Warn Drivers

Letters of warning were sent this week, by the local police department, to 21 drivers who, Sunday night, seriously impeded the progress of fire apparatus going to the scene of a blaze at the farm of Octave Bourdelais on Chandler road.

Police Chief George A. Dane stated Monday that a long line of curious drivers nearly caused the complete blocking of several narrow W. Andover roads in the route of the fire trucks, and caused them considerable delay. No penalties will be inflicted on the guilty drivers in the present instance, he said, other than the warning. However, in the event that an incident of the sort takes place again, he will forward the names and registration numbers of the drivers to State Registrar of Motor Vehicles Frank A. Goodwin, and their licenses will probably be suspended. Such action, he indicated, is in accordance with the registrar's own instructions to the police department.

### New Fire Truck

Andover's newest piece of fire apparatus, the new ladder truck recently purchased by the department, got its first workout Monday morning, when called to the scene of a fire in the home of Carl Stevens of High Plain road.

The apparatus had, of course, been thoroughly tested by department officials before it was officially accepted October 23 by the board of selectmen. Recently it was called to a chimney fire on Morton street, but was not used.

Chief C. Edward Buchan stated that the apparatus functioned perfectly according to its specifications. Its long aerial ladder was extended to the roof, and a booster hose line carried over it.

About \$300 damage was done to the roof of the dwelling, which had evidently caught fire from sparks coming from the chimney.

### Bridge Closed Next Week

Starting next Monday, and continuing for the next four or five days, the railroad bridge on Tewksbury street, Ballardvale, will be closed to traffic, due to widening operations being carried on at the bridge by the Boston and Maine railroad. A detour will be necessary, of course, the most convenient one being along Dascomb road, which crosses the tracks about half a mile northwest of the Tewksbury street bridge.

### Orchestra And Choir In First Joint Rehearsal

It is more than likely that a certain pair of men, who normally hope that musicians may enjoy the groaning board to the utmost, when they get the chance, may be viewing with some apprehension the possible effects of too much Thanksgiving turkey. These are George Brown, conductor of the Community Orchestra, and J. Everett Collins, director of the Male Choir, who on Friday night will bring together some hundred and fifty musicians and singers in the first joint rehearsal in preparation for the performance of Handel's "Messiah" on Friday, December 5.

To date the orchestra has been rehearsing its part in frequent sessions with the soloists—Dorothy Eccles, soprano; Clara Taylor, alto; John Hill, tenor; and George Lowe, bass—on Thursday nights in the Music Room of the Punchard High School; the Male Choir, augmented by the volunteer chorus of fifty women's voices, has been responding to Mr. Collins' baton on Friday nights in the Musgrove Building. This week will see the beginning of the final integration of Handel's famous oratorio.

Though the ticket sale has already been brisk, there still remain plenty of good seats for the three-concert series offered by the Community Orchestra, the remaining concerts being scheduled for March 15 and May 22. These, priced at \$1.10 each, may be purchased at Temple's, Knuepfer & Dimmock's in Lawrence, and from Mrs. J. S. Barss of Hidden Field.

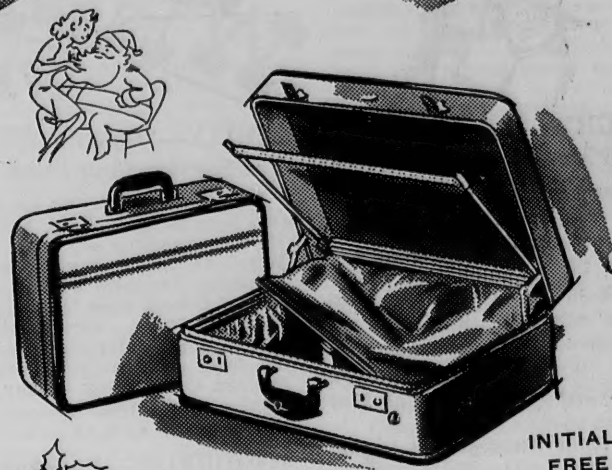

Tickets for the "Messiah" only will go on sale November 26 at 60 cents each, all seats reserved. Applications for these tickets are now being accepted and will be filled in order of their receipt. In the meantime, however, preference will be given to purchasers of season tickets.

Additions to the list of patronesses already announced are Mr. and Mrs. Alan R. Blackmer, Dr. and Mrs. Philip W. Blake, George L. Follansbee, Mr. and Mrs. C. Carlton Kimball, Mr. and Mrs. Horace M. Poynter, Mr. and Mrs. Harold R. Rafton, and Philip W. Thomson of Andover; also Mr. and Mrs. E. W. Pervere, Mr. and Mrs. Abbot Stevens, and Moses T. Stevens of North Andover; Mr. and Mrs. Thayer S. Warshaw of Lawrence; and Mr. and Mrs. B. A. Rowland of Methuen.

## TODAY—"Baker's Wife" For Service Club Fund

Today and tomorrow are the last two days for seeing the Merrimack Valley premiere of "The Baker's Wife" at the Andover Playhouse, of which one-third of the advance sale of tickets goes to the Andover Service Club's vocational fund. Townspeople interested in helping the fund can obtain tickets from Edward C. Manning or any of the Service Club members.

## TOMORROW—Punchard, Johnson Game At Stadium

If you haven't bought your tickets for the Johnson-Punchard game yet, you'll probably have to get them at the gate, since the advance sale was scheduled to close at 5 o'clock this afternoon. The kickoff is slated for 10 o'clock tomorrow morning, at the Memorial stadium on Den Rock road. Punchard fans will sit in Section D, and are requested to use the gate facing Den Rock road.

Punchard, fresh from a 27-0 win over Methuen on Armistice Day, looks for a victory against a Johnson eleven which lost to Central Catholic in its last contest. The

local team got off to a sad start this season, but intends to finish in a blaze of glory by taking the mythical suburban championship by wins over both its traditional rivals.

You'll find what the hawkers call "the names and numbers of all the players" in another part of this issue. The officials will be: Joseph Wellington, referee; Joseph Bevins, umpire; Francis Vye, head linesman.

## FRIDAY—Second Annual Alumni Semi-Formal Dance

Joe Normand's orchestra has been engaged to play for the second annual Punchard alumni semi-formal dance, to be held this Friday evening at the Andover Country Club. The affair is scheduled to start at 8 o'clock, and admission is two dollars a couple. The net proceeds will be for the benefit of the Punchard Girls' Band and the alumni association's scholarship fund.

The committee in charge comprises the officers and executive board of the Alumni Association. They are Robert T. Nicoll, '33, president; Madeleine Simeone, '29, first vice-president; David R. Petrie, '32, second vice-president; Everdike Thiras, '34, third vice-president; Agnes Martinson, '39, treasurer; Mrs. George G. Brown, '18, statistical secretary; and Mrs. William G. Emmons, '27, assistant statistical secretary.

The executive board includes Ruby Lawrie, '34; May Elander, '27; Donald Spinney, '38; Gwen Armitage, '35; Everett Gerrie, '37; Alice Bertram, '39, and Augustine Connolly, '41.

The lecture will be given in George Washington Hall at 8:15, and there will be no admission charge.

Readers of the magazine Life saw some of her pictures of Russia, from which she has only recently returned, in last week's issue. Years before the war broke out, Miss Bourke-White was an authority on Russia, having made three trips there to take motion pictures of the progress, if any, of its celebrated five-year plan.

In October, 1939, she was sent abroad again by Life, traveling through England, Rumania, Besarabia, Turkey, Syria and Egypt. In April, 1940, she was made chief photographer for the New York newspaper PM, but returned to Life—no pun intended—the following autumn.

## NOVEMBER 28—Punchard Juniors Turn Actors

The Senior play at Punchard is, of course, an institution hallowed by time. This year the Juniors, also, will take their brief turn upon the stage, or whatever Shakespeare said, in a presentation of "Chintz Cottage." The curtain goes up at the Memorial Auditorium on Friday evening, November 28, at 8 o'clock. Mervin E. Stevens of the faculty is directing the production. "Chintz Cottage" is a fast-moving comedy in three acts, with a variety of funny situations and incredible characters. The cast for the Punchard production is:

Minty Jacqueline Verrette  
Fanny Janice Driscoll  
Grace Mary York  
Peter David Brown  
Miss Tillingtop Mina Manthorne  
Mr. Kent Arnold Schofield  
Mrs. Dean Betty Morgan

Further details are to be announced later.

## Thanksgiving Programs At Central Grammar Schools

## Educational Life

### Adult Education Classes

The first meeting of the local Community Council for Adult Education, scheduled for last Monday evening, has been postponed until Monday, December 1, due to the fact that Miss Mary Guyton, state supervisor of adult civic education, is attending a meeting of the National Council in New York.

Miss Guyton, on her return, is expected to take an active part in the workings of the local Council, since one of the main reasons for its existence is the federal government's requirement that such an agency be established in each community to benefit from the funds of the National Citizenship Education Program.

A program like this is particularly allied to national defense, since it enhances the preparation of aliens for citizenship, a matter regarded by government officials as a major problem at the present time.

Other courses included in the program still are now in progress in the John Dove and North schools, while still others are to be given at the Bradlee school and the old Boston road center.

Next Tuesday, upholstery classes will begin in the John Dove school. There will be five weekly classes in the series, to run all day, starting at 10 o'clock each Tuesday.

### Evening Study Groups

"Let us then be up and doing" is apparently the motto of the ma-

jority of those already enrolled with the Andover Evening Study Groups for Adults, sponsored by Phillips Academy. Although the course list was given to the public less than three weeks ago, four of the activity courses have already been filled: the courses for beginners and for advanced swimmers, the cooking class, and section A of the woodworking course.

One explanation may be that these classes are of necessity limited to a small number, while the lecture courses are for the most part open to all.

Haverhill evinces particular interest in the terpsichorean art as the greatest part of the enrollment in Mr. Phinney's square dancing class to date has been from that city. Anyone who has participated in or observed one of Mr. Phinney's classes knows what fun is in store for those electing to join the group.

Whatever the courses you choose, early registration will save you money, and the administrative force time and trouble, so plan to register before the deadline—December 8.

Mr. and Mrs. James P. Tammany have moved from the Clover farmhouse to the house formerly occupied by Miss Emma Phelps on Lowell street.

## Christmas Seals To Go On Sale Here Monday

On Monday, November 24th, more than five million Christmas seals will be delivered to residents of Essex County Health Association.

The theme of this year's seal is a lighthouse. Lighthouses symbolize protection. They dot the shores of the United States just as the tuberculosis associations dot the cities and towns, warning and guiding the people against treacherous currents and the shoals of indifference to a serious health problem.

The oldest lighthouse in the United States is believed to be the Boston light on Little Brewster Island near the main entrance to Boston harbor. The original thirteen colonies, largely dependent as they were on water traffic, gave early attention to lighthouses, even before Congress was established. Essex County may boast many fine structures along its coastline.

The broad theme of lighthouses provided the inspiration for Artist Stevan Dohanos who painted this year's Christmas seal. With breadth, dignity, and artistic excellence he depicted the winter-swept lighthouse scene. Warmth and security are suggested in the lights of the keeper's house, his overturned boat protected from the weather, and the footprints in the snow leading to his cozy cottage. Surmounting this is the light itself, bold in illumination, shining outward into the night, a certain beacon for those who would be guided to security.

And that, in essence, is the message of the Christmas seals—tiny beacons lighting the way for the unceasing fight on tuberculosis.

## Winter Sports Planned For Local Country Club

An extensive program of sports was planned, to take place at the Andover Country Club during this coming winter, at a meeting held there Monday evening.

The grounds near the first tee have already been flooded by Groundskeeper John L. Flaherty, and skating will be enjoyed there as soon as freezing weather comes. There will be facilities for snowshoeing and tobogganing, and, if a sufficient number of people are interested in the project, a ski-tow will be erected. Illumination will be provided for those who like outdoor sports at night.

Letters are being sent out to Country club members and other interested parties in an endeavor to enlist their aid. About 140 people are expected to lend their support to the project.

Mr. and Mrs. James R. Moor of Weston have taken an apartment in the Aberdeen.

## Rep. Pedler Has Voted In Every House Roll Call

Out of 240 members of the state House of Representatives this term, only nine have answered every roll call. Among them is Rep. Harold S. Pedler of Methuen, one of three members from the district in which Andover is included.

Whenever an important piece of legislation is acted on, it seems, the clerk of the House calls for a voice vote. If there is any doubt as to the outcome of this vote, a standing register is called, and the final step is a roll call vote. Rep. Pedler has not missed a session in his two terms of office. He is a member of the Harbors and Public Lakes, and the Public Welfare Committees.

## Red Cross Provides Thanksgiving Dinners

In connection with the current Red Cross roll call, it is worth noting that 53 families, including 209 people, are going to have a happy Thanksgiving this year due to the efforts of that organization.

Baskets are now being prepared under the supervision of Mrs. Henry F. Dearborn of Kensington street. They contain everything necessary for the holiday feast—chickens, pot roasts, tea, coffee and rice being only part of their contents. Donations for the baskets, by the way, will be welcomed at the Red Cross rooms on Main street.

Their headquarters is serving this year as a clearing house for all charitable Thanksgiving enterprises by local churches, schools and women's clubs. By this means, duplication of the efforts of the different organizations is avoided.

The public schools have been particularly active this year in packing baskets for the needy of Andover. To date, the Junior High has packed 15, the High School 6, and these are to be distributed under the Junior Red Cross sticker. In all such cases, only the Red Cross itself knows the recipients of the baskets, in order to save them any possible embarrassment.

## LIBRARY NOTES

Books for the Homemaker: Babies are human beings—Aldrich; The Eschoffler cook book; The Best Men Are Cooks—Shay; Bible Plants for American Gardens—King; Designs for 60 small homes, from \$2,000 to \$10,000.

"The Red Decade; the Stalinist Penetration of America"—Lyons. A startling account of the abuses of many American organizations. Eugene Lyons, the author, insists that the detailed information given is accurate, although many will question his claims.

Books dealing with the present world situation:

Two-way passage—Adamic; My new order—Hitler; Modern democracy—Becker; That day alone—Van Paassen; Pattern of conquest—Harsch; Now we must choose—Wieman.

### Mystery books:

## ★★EDITORIALS★★

### A Well-Done Job

More than passing notice should be given to the recently announced retirement from the trustees of Spring Grove cemetery of Walter E. Curtis, the board's chairman for many years. It isn't just by chance that in those years the Spring Grove cemetery has become one of the most beautiful, well-planned, and well-kept cemeteries in New England. The improvements made at the town cemetery have been made largely through the keen interest and tireless energy shown by Mr. Curtis. He has spent days during his business travels about the New England states in examining other cemeteries, their layouts and their business methods. This knowledge which he acquired is now one of the town's finest heritages, for through it Andover is now able to boast the possession of a cemetery which is both a thing of beauty and a business organization which is practically self-supporting.

Some of our town positions carry with them a substantial salary. Not a cent, however, goes to the trustees of Spring Grove cemetery, and yet Walter Curtis' work is far more valuable and was done with more whole-hearted devotion and self-sacrifice than if the trustees were a well-paid body.

### Are You Too Good?

Do you ever go to church functions? If you do, you probably have noticed that the patrons of the functions are always the same few people, in many cases the persons who can least afford to spend money on such affairs.

An awful lot of us are much too good to go to the little parties, the dances, or the suppers put on by the ordinary parishioners. Especially if the functions are held in the vestry or parish house, these people who think that they are better than others are conspicuously absent, but if whatever the affair is is held at the Country club or some other similar place, these same people are very conspicuously present.

In the realm of the church there is no distinction between the rich and the poor, and if anything, the

poor are probably more highly thought of than the parvenues whose newly found wealth apparently makes them feel that they are too good to lower themselves to such an extent as to be seen at a church function. There are no classes in the eyes of the church, and those who choose to put themselves on a pedestal, often find themselves on a very precarious pedestal.

These church affairs are held to help other people. Anybody that's too good to help somebody else is just plain no good.

### Hush!

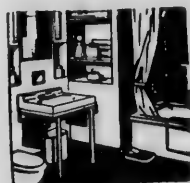

S-h-h-h-h! ! Don't make a sound. Somebody's sleeping, and apparently they don't want to be disturbed. Keep the lights low, for if they're any brighter these people might wake up.

Who's sleeping? The Andover street lighting committee, sound, sound asleep. It's been somewhat of a Rip Van Winkle affair for the committee has been in a profound slumber for some time. The present indications are, however, that they're going to outsleep the famed old man of Sleepy Hollow.

The Andover highway safety committee and the police department have been shaking the committee's shoulder and sounding all sorts of alarms, but the committee still won't even wink an eyelash. What they'd like to get across to the slumbering committee is the idea of providing better lights for Andover square and Shawsheen square, so that a serious pedestrian accident will be averted. They know that the committee has the money to do this work. Furthermore, one of the local concerns in town even offered to provide funds to do part of the job with, but the committee just continues to doze, and doze nothing about it.

We hope that it won't take a big black newspaper headline about a fatal accident, to bring home to the committee the fact that, having accepted a town job, they should really do something about it.

## This Sober Town

Thanksgiving is the day on which we stuff the turkey and ourselves; it doesn't take long to do the latter, but to get ready for National Indigestion Day is quite a job. One tired housewife wandering through Greeley's the other day was asked if she was getting ready for Thanksgiving, and she sighed: "Yes, vittle by vittle." (Sure, we know it should be spelled "victual," but there are those who pronounce that as it's spelled, and it would throw the pun off, just a lictual.)

Along about the beginning of next week it is expected that people will begin to feel like eating again, and so the men of both Christ church and the South church are sponsoring suppers. The South church men are giving their supper in the vestry, which is dangerous, because you know how bad it is when a man spills something on his vestry. But the mess sergeant can take care of that.

The great cry in this National Defense program has been for National Unity and for a general tightening up of belts; the greatest indication of success to date has been the decision of our Republican Governor and our Democratic President to unify the Thanksgiving date, so that we'll have National Unity on loosening up our belts. Our President incidentally is so concerned with John L. Lewis' stoppage of the all-out effort by his giving the all-out signal to the coal miners, that he's not going to Warm Springs for his usual Thanksgiving holiday. But he probably will have a feast at the White

House, with most people giving thanks if he proves that he can't stomach John L. Lewis.

The President also has a little Japanese problem on his hands, with Kurusu trying to reach an agreement whereby we'd agree with the Japs and the Japs would agree with the Japs. Chances are, however, that pretty soon the Japs themselves will face the problem of whether Togo or not Togo into war against us.

### Stephen Boland Appointed Assistant Postmaster

Postmaster John H. McDonald of the local post office announced yesterday that he had appointed Stephen A. Boland assistant postmaster, filling the vacancy made by the recent death of Frank S. McDonald.

Mr. Boland was born in Everett, but has lived in Andover during the greater part of his life. First appointed to the post office staff in 1917, he interrupted his work there shortly afterwards to serve overseas for 13 months during the World War. He was made clerk in 1921, a position he has held since.

He acted as captain of the Pynchard football team in 1911, the first eleven to be coached by Eugene V. Lovely, now school headmaster. He continued his education at the Lawrence Commercial School, graduating in 1913.

He is a member of the American Legion and the Knights of Columbus, as well as the Holy Name Society of St. Augustine's church. Married to the former Marie Daly, he makes his home at 7 Orchard street.

### League Of Women Voters To Discuss Labor Problems

Presenting another in their series of open forum meetings on defense problems next Tuesday afternoon, the Andover League of Women Voters will discuss one of the most salient aspects of the subject, "How Can Labor Disputes in Vital Industries Best Be Handled." The past discussions have been well attended, and a large number of League members is expected to take part in Tuesday's program.

Mrs. J. R. Adriance will lead the discussion, while Mrs. Joseph L. Burns will act as hostess.

At yesterday's meeting, held at 2:30 in the Memorial Hall Library, the topic for discussion was "Can We Build a Hemisphere Defense." Mrs. Herbert Merrick acted as chairman of the meeting, and Mrs. Walter Partridge was hostess.

During the discussion, the Monroe Doctrine was thoroughly examined in its purpose, nature, and origin. Hemisphere defense, it was pointed out, can be built in several ways, by the use of economic, political, diplomatic, or military measures against possible aggressors.

### British War Veterans Hold 8th Annual Ball

The eighth annual military ball of the British Empire War Veterans, held last Friday evening in the Memorial Auditorium, was pronounced a most successful affair by those attending. A grand march at 10 o'clock was led by Commander John Nicoll and Mrs. George Fyffe, and by Honorary Commander Denis Peterkin and Mrs. Nicoll. Entertainment was furnished by the drill team of the ladies' auxiliary to Clan Johnson, O.S.C., and by the Clan McPherson pipe band.

Following the close of their respective seasons last Saturday, captains of football and soccer were elected at Phillips Academy.

Richard Duden of Englewood, N. J., was elected captain of the football team. This year was his first on the varsity squad, but his outstanding play in the backfield made him a natural choice for his new honor. Last year, he played full-back on the junior varsity squad.

Taylor Asbury of Cincinnati was made captain of the varsity soccer team. He plays inside left, and has been two years with the varsity.

## Junior High Notes

By Miriam Dearborn

The Junior Red Cross campaign is on! Each pupil is asked to bring one penny, which makes him a member. Many of the boys and girls are bringing much more than just their penny, which shows a very fine spirit.

Thanksgiving baskets are also being made up. Each of the fifteen home-rooms has taken a family of either six or four members, and the pupils of the rooms will donate goods enough to fill their basket. Everyone is going about this in a very enthusiastic manner, and it looks as if the baskets will be filled to the brim.

Last Friday the Junior High School football team played Sandy Gordon's All-Stars, losing 13 to 0. Monday afternoon the Junior High team played the Punchard Sophomores, and was again defeated 13 to 0.

Basketball practice has already started. The girls practise every Tuesday and Thursday afternoon. Games will start soon.

There will be a Parent-Teachers' Association tea on Tuesday, December 6, from 2:30 to 4 p. m., in the cooking laboratory on the first floor. This tea is being held for the eighth and ninth grade parents so that they may have the opportunity to meet the boys' and girls' teachers. Miss Frances Hoskins is in

charge of the tea, and Mrs. Douglas B. Pitman is in charge of the hostesses.

The amount of \$5.61 was collected from the pupils toward financing the building of the battleship U. S. S. Massachusetts. This amount topped its quota, there being 425 pupils in the school, and only one penny from each person being asked.

The assembly Monday was put on by the members of the General Science home-room, in charge of Mr. Hart. The program was as follows:

Announcer	Sally North
Governor's Proclamation	Miriam Dearborn
History of Squash	Fred McCollum
History of the White Potato	John McVey
History of Cranberries	Claudia Nicoll
History of Sweet Potato	Cynthia Pash

### 4-H Club Meeting

A group of young people from the Vale joined with boys and girls from Andover in a rally of 4-H workers held Saturday night in the Andover Memorial Library Hall.

Miss Muriel Fone represented the garden club. Austin Day, John Petty and Ainslee Schofield attended as members of the forestry club.

Several members of the Boys' Garden Club attended, including Rev. David Segerstrom, director, and Ernest Seymore, Robert Mitchell, Herbert MacDonald, Peter Goff, George Nicol and Hilton Cormey.

Work of the 4-H was discussed and prizes awarded for the summer activities.

### Community Association Meeting

Michael Bell was elected president; James Butler, vice-president; Mrs. George Brown, secretary; Richard O'Brien, treasurer; Mrs. Archie Dumont, hospitality chairman; Franklin Haggerty, membership chairman; Chester Matthews, custodian.

The Association voted a donation of five dollars to the Red Cross. Plans were made for a Christmas party December 20, and for a minstrel show to be held in February with James Butler as director.

The theme, "Around the Village Square," was carried out by booths representing the stores in the Vale. An entertainment was given by local and out of town talent. Much credit should be given the ladies for their untiring efforts in making this annual affair a success.

### Dr. Myers Talk on China

The people of the Union Congregational Church were privileged Sunday evening to hear Dr. H. K. Myers of Boston University, and Mrs. Myers, in a talk on the "Constructive Forces at work in War-torn China."

Dr. and Mrs. Myers were sent to China for the school term of 1940-1941, and traveled extensively in their task of bringing messages to the students now being college-trained as leaders of the "New

China" movement. Dr. Myers told of their experiences in traveling by airplane from the coast to the interior of Free China over the Japanese armies. The fact that impressed his wife and him was that, wherever they were, in the bomb-wrecked cities or in the quiet suburbs, the morale of the people was high, their courage unflinching, their faith still sustaining them.

A silver collection was taken, which will be used for the work in China.

### Personals

Sunday morning, donations of food were brought by the children of the Congregational Church school to be given the Andover Red Cross for distribution.

Mary McKenna of High street, a pupil of the 4th grade of the Bradlee school, has gone to a hospital for treatment.

### THIS WEEK'S COVER

Inside looking out. We snapped these two youngsters down at Greeley's market, looking wistfully at a tempting row of turkeys in his display window. Possibly they aren't expecting much of a repast this Thanksgiving. Possibly they're two of the 259 people who will get a holiday dinner from the Red Cross this year. There's still time for you to help in a worthwhile endeavor, and it will help you enjoy your own feast better, if you know that someone less fortunate is thanking you for theirs.

### Boy Scout News

The Boy Scout troop of the West church took part in a Tiedustelu-juoksu hike on Armistice Day. In this type of Finnish orientation running, elapsed time is measured between a series of typographical points. The course was laid in the Harold Parker State Forest, and the winning team consisted of first class scouts Loring Patchelder and Fred Doyle, Jr. A star court of honor was held in the vestry Friday evening, in charge of Rev. Herman C. Johnson, and Loring Patchelder and Fred Doyle, Jr. both passed the test.
